

Cookie Policy

What are cookies

A Cookie is a small text file which a website may place on your computer or other devices (with your permission) when you first visit a site or page which stores and sometimes tracks information about your use of the website or to recognise your device the next time you visit. They also help companies to analyse how well the website is performing.

How we use cookies

When you use our website we anonymously record the details of the pages you look at but this data is not personally identifiable. We use this data to:-

- Monitor site traffic and analyse paths customers take through our website which enable us to improve the service we provide.
- Help us to identify and resolve errors, or to determine relevant related products to show you when you are browsing.
- Collect statistical information about how our visitors use the Website so that we can improve the Website and learn which parts are most popular to visitors.

This information is only used by us and is not passed to any other party and then the data is removed from the system. A cookie in no way gives us access to your computer or any information about you, other than the data you choose to share with us.

We use the following types of cookies:-

- Session cookies – these allow the users to be recognized within the website so any page changes or item or data selection you do is remembered from page to page. These session cookies will expire when you leave the website, they are not stored on our server and do not contain any personal data. These cookies cannot be used by themselves to identify you and your visit.
- We may use Google Analytics on our website. This is a tracking cookie which enables us to track how popular our site is and to record visitor trends over time. The cookie does not contain any personal data but it does use your computers IP address to determine where in the world you are accessing the website from, and to track your page visit within the site.

Managing Cookies

You can choose to accept or decline cookies. Most web browsers automatically accept cookies but you can usually modify your browser setting to decline cookies. If cookies are not enabled on your computer, it will mean that your user experience on Websites may be limited to browsing and researching.

Links to other websites

Our website may contain links to other websites of interest, however, once you have used these links to leave our site, you should note that we do not have any control over those websites. Therefore, we cannot be responsible for the protection and privacy of any information which you provide whilst visiting such sites and such sites are not governed by this privacy notice. You should exercise caution and look at the privacy notice applicable to the website in question.
